arr. Peter J. Wilhousky**

Program Notes

The Choral Music Department of Edina High School strives to introduce students to choral literature which represents the various historical periods and diverse musical cultures of the world. The program includes selections from English, German, West African, Italian, American, Hungarian, French, African American, and Jamaican traditions.

We hope that our performance will assist with cultivating a mutual respect and understanding for the music of the countries represented and also a special appreciation for multicultural music.
