PROGRAM NOTES

The Choral Music Department of Edina Senior High School attempts to expose students to choral literature representative of the various historical periods and different musical cultures of the world. The program this evening will include selections from German, English, Italian, Russian, Dutch, French, Israeli, and American composers. It is hoped that the music performed will help cultivate a mutual respect and understanding for the music of the composers and the countries they represent on the part of the students and the listening audience.

Anton Bruckner (1824-1896), famous Ausrian composer and organist of the Romantic Period, composed *Os Justi*, which is being performed this evening by the Concert Choir. This motet is typical of Bruckner's style, which was patterned after Renaissance composers. The piece uses elements of homophonic and polyphonic texture in a beautiful, romantic setting.
