Program Notes

The Vocal Music Department of Edina Senior High School attempts to expose students to choral literature representative of the various historical periods and different musical cultures of the world. The program this evening will include selections from English, German, Hebrew, Kenyan, Latvian, Norwegian, Spanish, and American composers. It is hoped that the music performed will help cultivate a mutual respect and understanding for the music of the composers and the countries they represent on the part of the students and the listening audience.

VOLUNTEER OPPORTUNITY

If there is someone who has an interest and time to help out with creating, formatting and building programs, please feel free to call Dr. Henderson at the High School and talk to him. He and Mr. Etten would be happy to have some help with this. It's your chance to use those creative brain cells and help the choirs.
