## PROGRAM NOTES

The annual Masterworks Concert features primarily the music of master composers from the various periods of musical history. We also attempt to include examples of folk music of several countries. We hope you enjoy the variety of selections on the program this evening.

The Senior soloists performing tonight were selected through audition. Over 120 students are taking private lessons at Edina High School this year. These lessons and the excellent private teachers are extremely important to our program and the individual growth of our students. A special thanks to the parents and students that support this program and to the wonderful staff of private voice teachers in Edina.
